TRUTH-IN-SAVINGS ACCOUNT DISCLOSURES

Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Rate & Fee Schedule are share accounts.

1. Rate Information. The Annual Percentage Yield is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. For all accounts, the Dividend Rate and Annual Percentage Yield may change monthly as determined by the Credit Union's Board of Directors. The Dividend Rates and Annual Percentage Yields are the prospective rates and yields that the Credit Union anticipates paying for the applicable dividend period. The Primary Savings, Member Option Club, Holiday Club, Alumni and Youth accounts are Tiered Rate accounts. If your account balance is \$50.00 to \$4,999.99, the first Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. If your account balance is \$5,000.00 or greater, the second Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. Once a particular balance range is met, the Dividend Rate and Annual Percentage Yield for that balance range will apply to the full balance of your account.

The Premier Savings account is a Tiered Rate account. If your account balance is \$50.00 to \$4,999.99, the first Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. If your account balance is \$5,000.00 to \$49,999.99, the second Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply.

If your account balance is \$50,000.00 or greater, the third Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. Once a particular balance range is met, the Dividend Rate and Annual Percentage Yield for the balance will apply to the full balance of your account.

Checking accounts are Tiered Rate accounts. If your account balance is \$500.00 to \$4,999.99, the first Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. If your account balance is \$5,000.00 or greater, the second Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. Once a particular balance range is met, the Dividend Rate and Annual Percentage Yield for the balance will apply to the full balance of your account, except the Fresh Start checking account, which does not pay dividends.

The Classic Money Market account is a Tiered Rate account. If your account balance is \$50.00 to \$4,999.99, the first Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. If your account balance is \$5,000.00 to \$49,999.99, the second Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. If your account balance is \$50,000.00 or greater, the third Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. Once a particular balance range is met, the Dividend Rate and Annual Percentage Yield for the balance will apply to the full balance of your account.

The Flexible IRA Savings accounts are Tiered Rate accounts. If your account balance is \$50.00 to \$4,999.99, the first Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply.

If your account balance is \$5,000.00 to \$49,999.99, the second Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. If your account has a balance of \$50,000.00 or greater, the third Dividend Rate and Annual Percentage Yield listed for the account in the Rate Schedule will apply. Once a particular balance range is met, the Dividend Rate and Annual Percentage Yield for that balance range will apply to the full balance of the account.

2. Nature of Dividends. Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

3. Dividend Compounding and Crediting. The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period.

4. Accrual of Dividends. On the Savings Accounts there is a required minimum balance of \$50.00. Once the required minimum balance has been met, dividends will begin to accrue the business day the funds are deposited. On Checking accounts there is a required minimum balance of \$500.00. Once the required minimum balance has been met, dividends will begin to accrue the business day the funds are deposited. On the Classic Money Market account there is a required minimum balance of \$50.00. Once the required minimum balance has been met, dividends will begin to accrue the business day the funds are deposited. Should the balance on this account fall below the

required minimum balance, dividends will not accrue and you will be subject to a fee as stated in the Rate and Fee Schedule.

5. Balance Information. The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For all accounts, there is a minimum daily balance required to obtain the Annual Percentage Yield for the dividend period. If the minimum daily balance is not met, you will not earn the stated Annual Percentage Yield. For all accounts using a Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day.

6. Account Limitations. For Primary Savings, Alumni, Member Option Club, Premier, Classic Money Market and Youth accounts, no more than six (6) preauthorized, automatic, or telephone transfers to another account of yours or to a third party in any month. If you exceed these limitations, your account maybe subject to a fee as stated in the Rate and Fee Schedule and subject to closure. For a Holiday Club account, the entire balance will be paid to you by check or transferred to another account of yours annually and the account will remain open. If you withdraw any of the account balance at any time, we will close your account and pay you the full account balance. You may make transfers or withdrawals in the first seven (7) days after the account is opened without restriction. For Alumni accounts, this account is available only to retirees of The Coca-Cola Company and their subsidiaries. For Flexible IRA and Checking accounts, no account limitations apply.
